Organization/Mission

Organization

Established in 1978, the Eastern Iowa Regional Housing Authority (EIRHA) operates as a division of the East Central Intergovernmental Association (ECIA), which provides staff and administrative support to EIRHA.

EIRHA was organized pursuant to Chapter 28E, Code of Iowa, and was established and created as a regional Housing Authority for the following counties: Cedar, Clinton, Delaware, Dubuque, Jackson, Jones, and Scott (excluding the cities of Dubuque, Clinton, Camanche & Davenport, as they have their own Housing Authorities established).

Mission

The goal of EIRHA is to provide decent, safe, and affordable housing for eligible households; to provide opportunities and promote self-sufficiency; create economic independence; and provide home ownership opportunities for Housing Choice Voucher and Public Housing Program participants.

The information to the right depicts the Fiscal Year 2025 programs and funding sources, as well as the amount of operating income.

Section 8 Housing Choice Voucher (HCV)

EIRHA has an Annual Contributions Contract (ACC) with the Department of Housing and Urban Development (HUD) to serve 989 Section 8 HCV, and 89 Mainstream Voucher families, bringing the total HCV ACC to 1078. The PHA has a calendar year budget for Housing Assistance Payments (HAP) that cannot be exceeded.

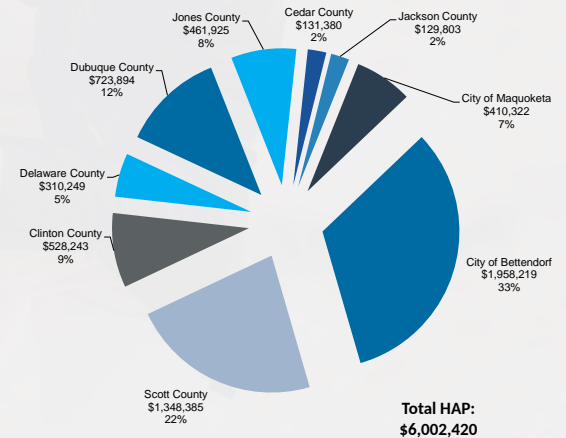

The HCV program is designed to meet the needs of low-income families and elderly/disabled by providing rental assistance in their existing housing units. The participating family chooses a decent, safe, and sanitary rental unit. EIRHA makes monthly rental payments on behalf of the tenant to the landlord to assist the household with their rent. Participating households pay a minimum of 30% of their adjusted income or \$50.00, whichever is greater, toward rent and utilities. The rental unit must pass a Housing Quality Standard inspection and fall within HUD's Payment Standard Schedule. Households are allowed to select a housing unit anywhere in the seven county region served by EIRHA except for the cities of Dubuque, Clinton, Camanche and Davenport. After successfully fulfilling the program requirements, the Section 8 HCV can be made portable to allow a household to move anywhere in the United States.

- In April, 2004, EIRHA assumed the City of Maquoketa's Annual Contributions Contract for 156 Section 8 Housing Choice Vouchers.
- In July, 2014, EIRHA assumed the transfer of 100 Section 8 Housing Choice Vouchers from the City of Bettendorf.
- In February 2020, EIRHA applied for and was awarded 30 Mainstream Vouchers to assist non-elderly persons with disabilities. An additional 9 Mainstream Vouchers were awarded under the CARES Act in March 2020. An additional 40 Mainstream Vouchers were awarded in November 2020. An additional 10 Mainstream Vouchers were awarded in September 2022. The program has a total of 89 Mainstream Vouchers.
- In October, 2022, EIRHA was awarded an additional 6 Housing Choice Vouchers, bringing the total to 989.

Over 1,033 households benefited from the rental assistance program during the Fiscal Year with a total of \$6,002,420 provided to landlords on behalf of elderly/disabled individuals and families with low income.

HCV Client Profile

To qualify for the Section 8 Housing Choice Voucher program, the family's income may not exceed 50% of the median income for their county, using income guidelines established by HUD. EIRHA staff serves as a liaison between the program participant and the landlord. In Fiscal Year '25, EIRHA's average monthly housing assistance payment sent to landlords was \$613.05, an increase from \$560.57 in FY '24.

Since 2002, EIRHA has had a waiting list for program services. At the end of Fiscal Year '25, households were on the waiting list with an average wait of 18-24 months. Effective July 1, 2014 all applicants have been served in order by date and time of application with a preference for Mainstream Voucher participants for non-elderly (age 18-61) persons by disabilities.

When the applicant reaches the top of the waiting list, they must meet the income guidelines and cannot have been convicted of drug related or violent criminal activity during the past three years.

The Mainstream Voucher Program assists non-elderly persons with disabilities. The program provides a preference for non-elderly (age 18-61) persons with disabilities. An additional preference is given to the above population who are currently experiencing homelessness and/or have previously experienced homelessness and are a client in a permanent supportive housing or rapid rehousing project. The average monthly Housing Assistance Payment sent to landlords was \$484 with 75 vouchers under lease.

Public Housing Program

EIRHA currently owns and manages 163 Public Housing units located in Dyersville, Bellevue, Manchester, Colesburg, Miles, Sabula, DeWitt, Holy Cross, Hopkinton, Worthington, Delmar, Preston, Peosta, and Wheatland. Overall, a 98.77% occupancy level is maintained. There are 85 units of elderly/disabled and 78 units of family housing. The family housing is scattered-site, single family homes and duplexes. The senior/disabled developments range in size from 4-plexes to a 23 unit two-story building. Most of the developments have a waiting list.

For Fiscal Year '25, EIRHA Operating Budget was \$539,868 and Operating Subsidy was \$605,550. EIRHA uses rental receipts to manage and maintain the units. \$106,383 was paid for utility costs, \$419,017 for maintenance and operations, \$221,593 was paid for administrative and \$44,537 was paid for insurance expenses.

Although EIRHA is a tax exempt organization, approximately \$32,802 was paid to local governments for payments in lieu of taxes. The Public Housing program has an operating reserve of \$393,675. Reserve funds were used to upgrade the aging units and prepare them for the new HUD NSPIRE Inspection.

PH Client Profile

To qualify for the Public Housing program, a household's income cannot exceed 80% of the median income guidelines for their county. Residents pay a minimum of 30% of their adjusted income or \$50.00, whichever is greater, toward rent and utilities. Rental payments are made directly to EIRHA on the first of each month. The average annual income for Fiscal Year '25 was \$18,176.

Residents who are working or have a higher income have a choice of paying rent based on the 30% formula or a flat rent. Staff review the flat rents annually and present them to the EIRHA Board of Directors for final approval.

Based on statistical data, approximately 30% of the households admitted to the Public Housing program are considered extremely low income (at or below 30% of the area median income adjusted for family size).

Resident Advisory Board

The Resident Advisory Board (RAB) provides the PHA and the residents with a forum for sharing information about the Agency's Annual Plan. Section 511 of the United States Housing Act and the Regulations in 24 CFR part 903 require that PHAs establish one or more RAB(s) as part of the PHA Plan process. RAB membership is comprised of individuals who reflect and represent the residents assisted by the PHA. The role of the RAB is to assist the PHA in developing the PHA Plan and in making any significant amendment or modification to the Plan.

Capital Fund Program and Operating Subsidy

Capital Fund Program (CFP)

In recent years, major improvements to the Public Housing units have been necessary to ensure their long-term viability. EIRHA has been successful in receiving CFP dollars from HUD to finance these capital improvements. Funds are awarded on a formula basis to Housing Authorities to plan for their capital improvements over a five-year period.

EIRHA received a contract for \$357,732 for the 2024 CFP. The award was funded in Fiscal Year 2025 and included the following upgrades: flooring replacement, water heater, furnace, roof replacements, tub repair, door upgrades, concrete repair, and appliance replacement.

Capital Fund Housing Related Hazards Grant

The Eastern Iowa Regional Housing Authority (EIRHA) was awarded \$277,100 in Housing Related Hazards Capital Fund Program Grant dollars to address housing related hazards in Public Housing units. Funds from this grant will evaluate and reduce residential health hazards in Public Housing including carbon monoxide, mold and radon. Areas affected by the project include Public Housing units located in Clinton, Delaware, Dubuque and Jackson Counties. Work to be completed include the conversion of gas stoves to electric, remediating mold and moisture issues and addressing radon concerns.

Capital Fund Emergency Safety and Security Grant

The Eastern Iowa Regional Housing Authority was awarded \$104,300 from the Department of Housing Development Emergency Safety and Security Grant (ESSG).

The funds are awarded through HUD's Capital Fund Emergency Safety and Security Program, which supports public housing authorities as they address the safety of public housing residents. These grants may be used to install, repair, or replace capital equipment or systems that contribute to a safer living environment for residents, including security systems/surveillance cameras, fencing, lighting systems, emergency alarm systems, window bars, deadbolt locks, doors, and carbon monoxide detectors.

Operating Subsidy Funds

In November 2001, EIRHA began receiving Operating Subsidy Funds for the Public Housing program. The Operating Fund program was established under QHWRA, section 519. The operating fund provides subsidies to local Housing Authorities to assist in funding the operating and maintenance expenses of their properties. The subsidies are required to help maintain services and provide minimum operating reserves.

Lead Risk Hazards Grant

In January 2024, the U.S. Department of Housing and Urban Development (HUD) awarded the Lead Risk Hazards 3 year Grant in the amount of \$300,000 to the Eastern Iowa Regional Housing Authority (EIRHA) to identify lead hazards in voucher assisted homes throughout the EIRHA's 7-county region. With the use of these funds, lead hazard inspections are conducted by certified Lead Inspection Risk Assessors in eligible voucher assisted units. The EIRHA will also provide resource referrals to property owners for lead hazard controls in order to create safer environments for the clients it serves.

Family/Elderly Self-Sufficiency

Family Self-Sufficiency (FSS) Program

Prior to 2014, the FSS program was administered as two separate programs – one for Section 8 Housing Choice Voucher participants and one for Public Housing participants. The Consolidated Appropriations Act of 2014 combined funding for both programs to allow a single program to serve families from both programs, thus increasing the number of Public Housing Authorities that could qualify for a Coordinator. For calendar year 2024, EIRHA was awarded \$352,928 to support funding for three coordinators that are now all rolled into one program. At Fiscal Year-end, EIRHA was serving the following number of families:

Section 8 HCV: 127 households with an average escrow account of \$5,918 and 178 successful completions.

Public Housing: 48 households with an average escrow account of \$2,813 and 73 successful completions.

In the FSS program, the Coordinators work with a network of service providers and task force groups in the region to obtain the needed services to assist program participants reach economic self-sufficiency. Services offered include motivational training, career counseling, employment skills training, budgeting/financial aid, household management counseling and personal development counseling. The program is designed to promote employment and offer an opportunity to save money amongst participants.

Participants of FSS can earn a savings account through increases in their earned income. This savings account is referred to as an escrow account. As a household's income increases their earnings through employment, an amount equal to 30% of that increase is deposited into an escrow account. The account earns interest and is returned to the participant upon successful completion of their FSS contract.

Elderly Self-Sufficiency (ESS) Program

Since September 2011, EIRHA has received the Resident Opportunity and Self-Sufficiency (ROSS) Service Coordinator Program grant, funding. The current grant in the amount of \$233,197 provides services to its elderly and/or disabled Public Housing residents.

The purpose of the grant is to allow for the provision of a Service Coordinator to coordinate supportive services and other activities designed to help Public and Indian Housing elderly and/or disabled residents to age-in-place. The Service Coordinator ensures that these program participants are linked to the supportive services they need to achieve self-sufficiency or remain independent.

There are currently 58 participants with 113 successful completions.

Elderly Self-Sufficiency (ESS) Success Story

An ESS participant was nominated as the Grand Marshall for Island Days in Sabula, IA. As Grand Marshal she was selected to lead the annual Island Days parade. At 92 years young, this participant has been a proud member of the Sabula community for 53 years.

Public Housing Family Self-Sufficiency (FSS) Success Story

"I would like to take this opportunity to express my sincere gratitude for the incredible impact the FSS program has had on my life.

When I first moved to this area, the program provided the support I needed to complete the necessary paperwork and establish a foundation for a better future for my family. Because of this assistance, my children have been able to thrive academically, successfully progressing through elementary, middle school, and now high school. Personally, I took a leap of faith and launched a work-from-home business. The support from the Dubuque County community and surrounding areas has been invaluable, enabling me to attend training sessions, participate in mentorship programs, and grow my business.

Most recently, I was honored to be featured in the Cedar Rapids Gazette for my work in creating skincare products—a reflection of my dedication to building a better life for myself and my children. This recognition would not have been possible without the opportunities and resources provided by the FSS program. I am truly grateful for the support and guidance that have helped me overcome challenges and accomplish goals I once believed were out of reach. Thank you for all that you do to make a difference in the lives of families like mine."

- PH HCV FSS Program Participant

Section 8 HCV Family Self Sufficiency (FSS) Success Stories

"I have participated in the Family Self-Sufficiency (FSS) program offered by EIRHA. After leaving a domestic abusive relationship with someone who struggled with addiction, I was searching for employment and temporarily staying with family when I was approved for housing. This approval allowed me to provide a safe home for my daughter and myself, giving us the opportunity to rebuild our lives.

The EIRHA FSS is an amazing program that helps individuals access affordable housing, and goes even further by supporting participants in achieving personal and financial goals. Through the FSS program, I was able to raise my credit score by paying off debts, which has helped me become more financially responsible and independent.

I am extremely grateful to have been part of both the housing and FSS programs. If I ever find myself in need again, I would not hesitate to return, and I will continue to recommend these programs to others."

- S8 HCV FSS Program Participant

"My family and I moved to Iowa in 2017 from Illinois. At that time, we were homeless and struggling. Moving to Iowa was one of the best opportunities we could have received. When I arrived, I joined the FSS program, which has provided tremendous support for me and my family.

The program motivated me to continue my education and graduate early—one of my biggest goals. It also encouraged me to find employment, maintain steady work, and develop better savings habits. Because of the program, I was able to reach these goals and set even more for the future.

Housing assistance has helped us secure a home and provided utility support when needed. The escrow funds I will receive will make a significant difference for my family by allowing us to purchase a more reliable vehicle and continue building our savings. Thank you so much for this opportunity—I truly appreciate all the help and support."

- S8 HCV FSS Program Participant

Section 8 HCV Family Self Sufficiency (FSS) Success Stories

"Participating in the FSS Program has had a profound impact on my life. Through a combination of housing assistance and personalized case management, I was able to focus on setting and achieving both short- and long-term goals. The program provided the stability I needed to pursue higher education, improve my credit score, and secure full-time employment in a field aligned with my career interests.

The support from the FSS Coordinator was instrumental in helping me access resources such as job training, financial literacy workshops, and childcare

assistance, which ultimately empowered me to take control of my future. The escrow account served as a motivating tool, encouraging me to work toward increasing my income while maintaining my housing responsibilities. Because of the FSS Program and housing assistance, I now have the skills, confidence, and financial stability to maintain independence. I am grateful for this opportunity and the support that made it possible."

- Section 8 HCV FSS Participant

"The family self-sufficiency program has been more than encouraging, and the cumulative incentive offered a sense of motivation during this process. Although, my goals extend far beyond this, it was nice to have something to look forward to, and to be a part of a program that wanted success for you as much as you wanted it for yourself.

I am continuing my journey of self-sufficiency, and to also support my growing son's, to whom my oldest is a recent college graduate himself.

Most of all, I couldn't have achieved this without the most humblest, caring, and supportive Family Support Specialist throughout the years. She has never hesitated to help with a problem, by keeping my family and I informed with resources, inspiring us to become our best selves, and having the best "listening ear". I feel very grateful to have had this opportunity."

Home Ownership

Public Housing Home Ownership Program

Through EIRHA's Public Housing Home Ownership Program, first-time home buying low-income households are given the opportunity to purchase their Public Housing units. Of the 163 Public Housing units, 26 are single family scattered-site units located in Dyersville, Manchester, DeWitt, Hopkinton, Preston, Worthington, and Delmar. At the present time, six families have purchased the Public Housing units that they reside in. The following units were sold through the Public Housing Homeownership Program:

528 16th Ave., Dyersville - 3 BR SFH - Sold 3/06
420 S. Tama St., Manchester - 4 BR SFH - Sold 11/05
521 3rd St. NW, Dyersville - 4 BR SFH - Sold 5/05
145 Nelson Circle, Manchester - 3 BR SFH - Sold 12/03
133 E. Honeycreek, Manchester - 3 BR SFH - Sold 10/03
624 2nd St. NW, Dyersville - 3 BR SFH - Sold 7/19

Housing Choice Voucher Home Ownership Program

Since July 1, 2003, EIRHA has implemented a Housing Choice Voucher Home Ownership Program. To date, 34 families have been assisted with the purchase of their own home through the HCV home ownership program. In accordance with the program regulations, monthly rental assistance can be used to assist a participating household with making their mortgage payments rather than paying a portion of their monthly rent.

Housing Development Projects

Manchester Single - Family Home Construction

Five lots were purchased on Marion Street in Manchester, Iowa to construct new single family homes. The homes were built and sold to qualifying homebuyers.

Asbury Single - Family Home Construction

Five single family lots were purchased on Trenton Street in the City of Asbury. All five of the homes were sold to qualifying homebuyers.

Lost Nation and Dyersville - Single-Family Home Rehab

Existing single family homes were purchased in Lost Nation and Dyersville. The Dyersville and Lost Nation homes were rehabbed and made available for sale to qualifying families. In FY 23 the Lost Nation home was sold and in FY 24, the Dyersville home was sold.

Pocket Neighborhood

In collaboration with the East Central Development Corporation, 10 single family homes were constructed and sold in FY 23 in the City of Maquoketa. The Pocket Neighborhood consists of 10 single family homes gathered around an open space of joined backyards to form a sense of community.

HUD Housing Counseling Grant

EIRHA received a grant for \$14,773 from HUD to support EIRHA's HUD approved housing counseling program to respond flexibly to the needs of residents and neighborhood, and deliver a wide variety of housing counseling services to homebuyers, homeowners, renters and the homeless.

Housing Counseling

On July 30, 2010, the U.S. Department of Housing and Urban Development approved the EIRHA as a Housing Counseling Agency. EIRHA has met the department's initial approval criteria and submitted an acceptable housing counseling plan to serve its target area (Dubuque, Delaware, Jackson, Cedar, Clinton, Jones and the city of Bettendorf (Scott) counties). The Department approved the EIRHA to provide money management, pre-purchase counseling, and home improvement and rehabilitation counseling in accordance with its counseling plans. To date, 394 families were assisted with Housing Counseling assistance, of which 138 have closed on a home. 32 applicants are currently actively participating and working towards homeownership.

Administrative Planning

Public Housing Agency (PHA) Plan

The PHA Plan is a comprehensive guide to Public Housing agency (PHA) policies, programs, operations, and strategies for meeting local housing needs and goals. There are two parts to the PHA Plan: the 5-Year Plan, which each PHA submits to HUD once every 5th PHA fiscal year, and the Annual Plan, which is submitted to HUD every year.

Public Housing Assessment System (NASS-PHAS)

NASS-PHAS is the PIH-REAC assessment reporting system for PHAs. NASS is responsible for the compilation, review and production of the composite PHAS score. Indicators will be measured using data from:

- 1) Physical Condition Indicator - NSPIRE (40 pts)
- 2) Financial Condition Indicator - FASS (25 pts)
- 3) Management Operations Indicator - MASS (includes: occupancy rate, tenant accounts receivable and payable) (25 pts)
- 4) Capital Fund Program Indicator (10 pts)

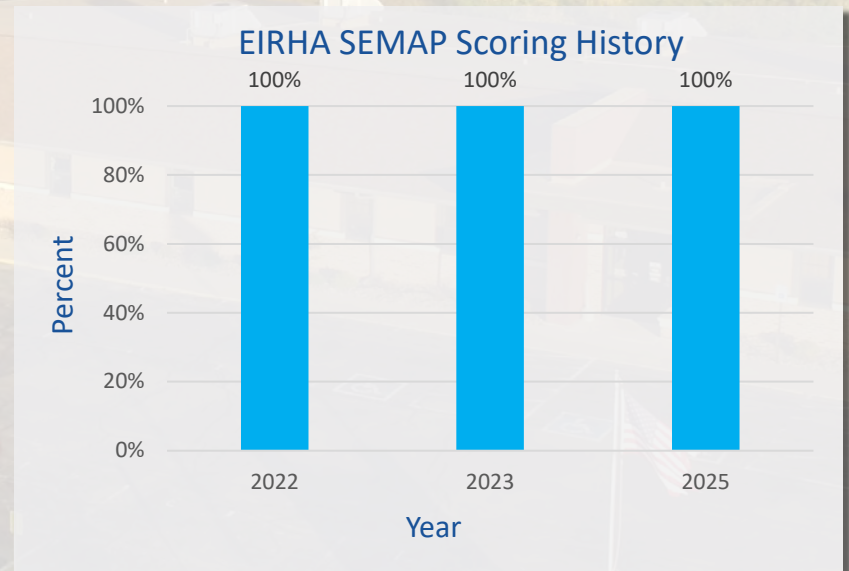

The data supplied by these subsystems is then compiled and computed, which results in PHAS scores that provide each PHA with a numeral scorecard assessment showing how well their PHA is performing.

National Standards for the Physical Inspection of Real Estate (NSPIRE)

The Department of Housing and Urban Development (HUD) moved from the Uniform Physical Condition Standard (UPCS) inspection protocol to the National Standards for Physical Inspection of Real Estate (NSPIRE) protocol in FY'24. As a result, the Public Housing units were inspected by HUD in April, 2024 and the PHA scored 94% on the physical condition indicator.

Section 8 Management Assessment Program (SEMAP)

The SEMAP measures the performance of the Public Housing agencies (PHAs) that administer Housing Choice Voucher program in 14 key areas. SEMAP helps HUD target monitoring and assistance to PHA programs that need the most improvement.

Eastern Iowa Regional Housing Corporation (EIRHC) USDA Property

Eastern Iowa Regional Housing Corporation (EIRHC)

EIRHC was established in 1990 and organized as a not-for-profit under the provisions of Chapter 504A of the Iowa Code. Its purpose is to promote the general social welfare of eligible occupants of rental housing as determined by the United States Department of Agriculture, Iowa Finance Authority, and Iowa Department of Economic Development regulations, without regard to race, color, religion, creed, familial status or national origin; to acquire, construct, improve, and operate any real or personal property or interest or rights.

The Board of Directors is a mirror image of EIRHA's Board of Directors, with members representing the seven counties in the region. The Corporation is the same staff as EIRHA, which is staffed by ECIA.

Worthington West Ridge and Grand Mound Churchview USDA Units

EIRHC owns and manages ten USDA funded elderly housing units: six one-bedroom units located at 502 Williams Street in Grand Mound, Iowa and four one-bedroom units located at 317 2nd Ave., SW, in Worthington, Iowa, with an annual budget of approximately \$33,255. Services provided for the elderly tenants include counseling, referrals, and community activities. For FY '25, Worthington experienced 100% lease up and Grand Mound experienced 98.61% lease-up.

Eastern Iowa Regional Housing Corporation (EIRHC) Evergreen Meadows

EIRHC Evergreen Meadows 110 Peterson Dr., Peosta, IA (transfer of Tax Credit Property)

In March 2003, the Eastern Iowa Regional Housing Corporation (EIRHC) was awarded Low Income Housing Tax Credits (LIHTC) from the Iowa Finance Authority (IFA) and HOME funds from the Iowa Department of Economic Development to construct a 24-unit 2, 3, and 4 bedroom housing development for low to moderate income households at 110 Peterson Drive, Peosta, Iowa.

A new for-profit entity was formed as a subsidiary of EIRHC, the Eastern Iowa Regional Partnership, LLLP, to act as the General Partner in the housing project. A for-profit entity, the Eastern Iowa Development Corporation (formerly known as Evergreen Meadows, Inc.), was also developed and is a wholly owned subsidiary of the EIRHC. The open house for the development was conducted in May 2004 with its first tenant occupying the units in June 2004.

The Syndicators, Enterprise Housing Partners XI Limited Partnership (EHPXI), limited partner interest in the Eastern Iowa Regional Partnership LLLP was fulfilled on December 31, 2018 and transferred to the new General Partner, the Eastern Iowa Regional Housing Corporation.

On January 1, 2019, the Eastern Iowa Regional Partnership, LLLP transferred the Limited Partnership interest for debt only, of the Evergreen Meadows Tax Credit property to the Eastern Iowa Regional Housing Corporation (EIRHC). The EIRHC intends to maintain the property as affordable housing over the extended use period.

In conjunction with this, the EIRHC assumed the Iowa Finance Authority HOME loan for the property. This loan is scheduled to mature on 11/1/2025. A request for this loan to be forgiven was made in December 2024 and approved on 5/7/25.

The EIRHC Evergreen Meadows property was converted to a June 30th fiscal year end and since taking over the property has maintained a 99.31% lease-up for FY '25.

E.I.R.H.C. Tenant Based Rental Assistance

Eastern Iowa Regional Housing Corporation Tenant-Based Rental Assistance

Tenant-Based Rental Assistance (TBRA) is a program that enables individual households to rent safe, sanitary housing units. Very low and low income households can receive assistance through a monthly rental assistance payment to a participating landlord (up to two years) and upfront security deposit assistance.

The EIRHC TBRA program is a response to filling the unmet need of families that are on the lengthy Eastern Iowa Regional Housing Authority (EIRHA) Section 8 HCV waiting list. The families are served by date and time from the Section 8 HCV waiting list with a preference given to those with a disability. The families remain on the list until funding becomes available for the Section 8 HCV program. At that point they are then transferred from the TBRA program to the Section 8 HCV program. There is no voucher portability option in the TBRA program.

The region served includes Cedar, Clinton, Delaware, Dubuque, Jackson, Jones and Scott Counties (excluding the cities of Clinton, Camanche, Dubuque and Davenport).

2014 TBRA

The April 2014 Tenant Based Rental Assistance (TBRA) two year grant for \$998,064 was closed out in February 2016 and served 114 families.

2015 TBRA

The September 2015 Tenant Based Rental Assistance (TBRA) two year grant for \$998,934 was closed out in July 2017 and served 71 families.

2017 TBRA

The October 2017 Tenant Based Rental Assistance (TBRA) one year grant for \$503,025 was closed out in June 2019 and served 79 families.

2019 TBRA

In March 2019, the EIRHC was awarded \$999,175 for a two year TBRA grant. In November 2020, IFA awarded an additional \$340,371 for a total award of \$1,339,546. The grant was closed out in February 2023 and served 64 families.

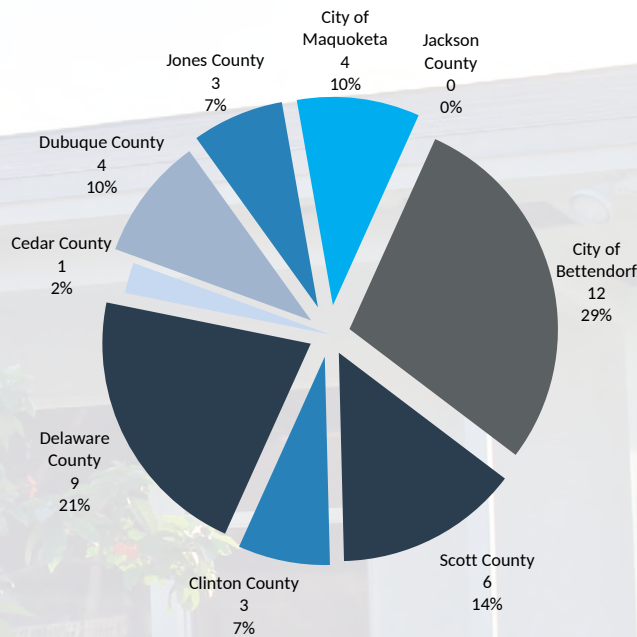

2021 TBRA

In November 2021, the EIRHC was awarded \$312,000 for a two year TBRA grant. These funds were closed out in June 2024 and served 58 families.

2022 TBRA

In July 2022, the EIRHC was awarded \$599,964 for a two year grant. These funds began expending in June 2024 after the closeout of the 2021 TBRA grant.

E.I.R.H.C. Housing Trust Fund

The State Housing Trust Fund (SHTF) was created by the Iowa Legislature in 2003; the State Housing Trust Fund helps ensure decent, safe and affordable housing for Iowans through two programs, the Local Housing Trust Fund Program and the Project Based Housing Program. The Local Housing Trust Fund Program which receives at least 60 percent of the SHTF allocation to provide grants for organizations certified by the Iowa Finance Authority as a Local Housing Trust Fund.

The Iowa Finance Authority certified The Eastern Iowa Regional Corporation Housing Trust Fund (EIRHC HTF) in 2014 to include the counties of Dubuque, Delaware, Jackson, Cedar and Clinton Counties, with the exception of the City of Dubuque, as they have their own program. The EIRHC HTF will assist individuals, community organizations, non-profit and for-profit developers, in the development and rehabilitation projects that improve the condition of both rental and owner-occupied affordable housing in the approved area.

Projects and activities funded must serve area households with incomes less than 80% of the statewide median family income (MFI). At least 30% of the distributions will be used to benefit extremely low-income households (households with less than 30% of the statewide median family income).

Mission Statement

The mission of the EIRHC Housing Trust Fund is to assist in the provision of providing decent, safe and affordable housing, as well as providing access to the resources for creating housing opportunities to the families served in eastern Iowa. The emphasis is to provide economic assistance to benefit the moderate, very low, and extremely low-income residents of Dubuque, Delaware, Jackson, Cedar and Clinton Counties, for a variety of housing needs.

There are seven counties and 95 municipalities that are members of the EIRHA. Each county and/or municipal government within the Authority area are represented by two commissioners appointed by the city or county. The Board of Directors are elected from Authority commissioners. The Board of Directors is responsible for the business and fiscal affairs of the Authority and approves policies for the Housing Authority.
